20 September 2021

New Accreditations and M&V Professionals

New ESS accreditations

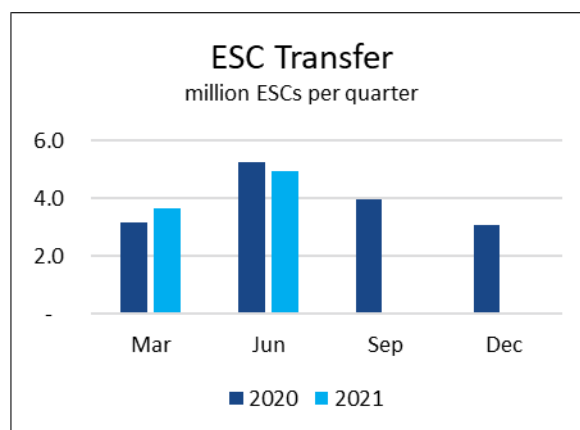

Demand Manager has a new accreditation under the High Efficiency Appliances for Business (**HEAB**) method. Please refer to the [list of Accredited Certificate Providers \(ACPs\)](#) for information on all ACPs accredited under the Energy Savings Scheme.

New M&V Professional

Mr Abdullah Shrif has been approved as an M&V Professional. Please refer to the [list of approved M&V Professionals](#) for Abdullah Shrif's details.

ESC Creation

Energy Savings Certificates (**ESC**) creation and transfers to the end of the June quarter were 24% and 6% lower than the corresponding period in 2020 respectively. The surplus was approximately 6.5 million ESCs at the end of June and by the end of August it has increased to around 7.1 million ESCs. The surplus exceeds the 2021 target of 4.6 million ESCs.

*Graphs are based on 30 June 2021 data.

While the September quarter is yet to be finalised, ESC creation to 31 August 2021 is presented in the table below.

Total ESCs created under the ESS since 2009	ESCs available for surrender	Compliance Year	Estimated target	ESCs created
40,158,970	7,085,705	2020	4,600,000	4,966,676
		2021	4,600,000	1,421,490
