20 December 2021

New Accreditations and M&V Professionals

New ESS accreditations

Green Energy Trading Pty Ltd, In2 Energy Pty Ltd and O'Brien Energy Services Pty Ltd have new accreditations under the High Efficiency Appliances for Business (HEAB) method. Ozwide Field Services Pty Ltd have new accreditations under the Commercial Lighting and Home Energy Efficiency Retrofit methods.

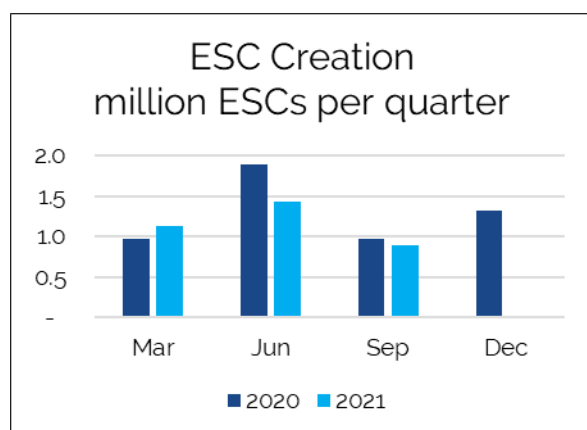

Please refer to the [list of Accredited Certificate Providers \(ACPs\)](#) for information on all ACPs accredited under the Energy Savings Scheme.

New M&V Professional

Alan Wang has been approved as an M&V Professional. Please refer to the [list of approved M&V Professionals](#) for Alan Wang's details.

ESC Creation

Energy Savings Certificate (ESC) creation was 8% lower and transfers 22% higher than the corresponding period in 2020. The surplus was approximately 7.4 million ESCs at the end of September and by the end of November had increased to around 7.9 million ESCs. The surplus exceeds the 2021 target of 4.6 million ESCs.

*Graphs are based on 30 September 2021 data.

While the December quarter is yet to be finalised, ESC creation to 30 November 2021 is presented in the table below.

Total ESCs created under the ESS since 2009	ESCs available for surrender	Compliance Year	Estimated target	ESCs created
40,958,471	7,883,040	2021	4,600,000	2,221,150
